

# KOM INTERNATIONAL

Supply Chain Consultants

## Why KOM International?

Hiring a logistics consultant can seem risky. Foremost you want to choose a consulting firm that you can **TRUST** to deliver an **UNBIASED** opinion. You want to know that the consultants' recommendations will be **REALISTIC** and **ACTIONABLE**.

## The KOM Guarantee

At KOM International, we do not build buildings, sell equipment or computer software. We are global supply chain specialists. This is our only business. KOM International guarantees you the highest quality Supply Chain consulting and implementation services. You can be sure that KOM International's recommendations are in your company's best interest, that they are realistic, actionable and that they will translate into real savings.

## Track Record

Independent surveys of our clients prove that over 80% keep coming back because they trust KOM International to deliver the highest level of supply chain consulting available anywhere.

**TRUST**, isn't that what it is all about?

## KOM International Specializes in:

- Logistics Strategy Analysis
- Distribution Center Design or Re-set
- Operations Consulting
- Implementation Management
- Productivity Benchmarking
- Technology Selection/Implementation
- Actionable Business Intelligence
- Transportation and Freight Bids
